

Kind Kids Club

Teaching
children
EMPATHY
through
random acts
of kindness!

Applying for the Club

Once the students realize that everyone - big or small - can make a difference in the world, they will be pumped to join the club! Explain that it's a privilege to be a part of such an important club. They must first complete an application and be accepted. Encourage them to include what they learned from the book and the science experiment in their answers.
